Dear Mr Loizeau,

Notification of Approved Mine Operations Plan (MOP) Review

In reference to your submission dated 26 June 2025, the MOP has been approved pursuant to section 73G(11) of the [Mining Act 1971](#) (the Mining Act).

The approved MOP will be made publicly available on the Mining Register and the Department for Energy and Mining (DEM) [website](#). Details of the approved MOP are listed below.

Tenement Holder	C.L. Land Management Pty Ltd
Tenement Type & Number	Private Mine (PM) 214
MOP Number	MOP2025/002
Name of Operation	Youngs Quarry

You are reminded that you must always implement and comply with the approved MOP.

This approval does not constitute endorsement of the systems that you have in place to manage the mining operations in compliance with the Mining Act. Whilst your capability to undertake this activity has been considered in this approval, the responsibility for compliance with the Mining Act always remains with the tenement holder.

The legislative requirements outlined below must be actioned prior to commencement of operations authorised by the MOP.

1	Compliance Reporting You are required to submit an annual compliance report as per existing reporting arrangements. Please refer to the DEM website for more information on the reporting requirements.
----------	---

2	Work, Health and Safety Compliance In accordance with Chapter 10 of the <i>Work Health and Safety Regulations 2012</i> (SA), you must meet the requirements for mine operators in South Australia, which include a notification for mining operations, the establishment of a Safety Management System, the identification of Principal Mining Hazards and development of a Principal Mining Hazard Management Plan. Further information on your responsibilities, including a guide to Chapter 10, and the Mine Operator Notification Form, is available on the SafeWork SA website .
3	Environment Protection Authority (EPA) Authorisation Under the requirements of the <i>Environment Protection Act 1993</i> (SA), you are required to comply with the conditions of EPA licence number 50661 for this operation. Under the requirements of Schedule 1, Part A section 7(7) <i>Extractive Industries</i> of the <i>Environment Protection Act 1993</i> (SA), you are required to obtain additional EPA Authorisation, if your mining operations extraction production rate exceeds 100,000 tonnes per year.

In addition to the requirements under the Mining Act, you are reminded that your operation will have other legislative requirements that you will need to comply with.

If you have any further queries, please contact DEM staff as below:
