Mining Proposal and/or Management Plan

BIRD-IN-HAND GOLD PROJECT

USE THIS FORM AS: A cover sheet to accompany a written submission

Terramin Australia Ltd and Terramin Exploration Pty Ltd (together known as 'Terramin') is proposing development of an underground gold mine near Woodside and the processing of ore at existing facilities located at the Angas Zinc Mine in Strathalbyn.

On 21 June 2019, Terramin submitted applications for a mining lease and a miscellaneous purposes licence. The submission of applications for the Bird in Hand Gold Project by Terramin has initiated a comprehensive technical assessment of those applications by the South Australian Government under the *Mining Act 1971* which includes a period of statutory public consultation.

Written submissions are invited from members of the public on these applications.

Letter of Support: Terramin Australia Limited - Bird in Hand Gold Project

Iron Road recognises the importance of mining to the economy of South Australia and the significant time, effort, cost and risk required to bring a mineral resources project, no matter what size, to fruition.

It is noted that the mining proposal and management plan for the Bird in Hand Gold Project is comprehensive and has undergone careful preparation by independent experts and thorough review by the Regulator. Iron Road is aware that Terramin has made much effort in the community and stakeholder engagement area and our understanding is that several concerns and requests made of the Company have been adequately addressed or accommodated.

The application by Terramin for a mineral lease near Woodside and a miscellaneous purposes licence near Strathalbyn is thus supported by Iron Road. We believe that on balance this project will bring economic benefits and strengthen a region reliant largely on an agricultural base. Furthermore we are confident that conditions to be imposed on the Company and enforced by the Regulator will ensure a safe and environmentally responsible mining operation.

Lastly Iron Road welcomes the return of mining to an area where historically mining played an important role in the early development of the region and South Australia as a whole.

Yours sincerely
