

## REES Energy Efficiency Activities General Specifications

### FOR ALL ACTIVITIES:

The description and specifications for activities contained within this document are minimum requirements that obliged retailers must follow for the purposes of undertaking activities under the REES. They are not intended to be exhaustive. In particular, in addition to the specifications set out in this document, all activities must be undertaken in accordance with all laws, regulations and codes of practice applicable to that activity.

Where an activity is undertaken in a rental premises, it may be necessary to first obtain the permission of the landlord or landlord's agent.

Any reference to gas within these specifications refers to either natural gas or Liquefied Petroleum Gas (LPG).

A REES approved activity that involves the installation, removal, repair or upgrade of equipment in a premises may only be performed once in the premises, unless permitted in the activity's specifications.

Obliged retailers must be satisfied with the fitness and propriety of any person providing energy efficiency activities in a customer's premises as per the requirements of a REES Code published by the Commission.

Any reference to a standard or code is those in force at the time the activity is undertaken and includes relevant successor legislation and standards.

All reasonable endeavours should be used to recycle components removed from the premises in the course of undertaking the activity.

Activities undertaken in buildings or relating to assets owned by the South Australian Government are not eligible activities under the REES unless:

- the recipient is a residential tenant, and
- the activity is not a standard service provided by the manager of the property.
