Subject: The gold mine proposal in a Woodside / Bird in Hand

I am writing regarding my objection to the proposed Bird in Hand Gold Mine at Woodside.

I have family that live in the area and spend a lot of time in Woodside.

Like the residents I oppose the Mine and feel strongly against it, and feel it will have adverse effects on the water table, our environment, will disrupt local wineries and agriculture and have a lasting effect on the towns liveability and desirability for visitors.

Too often the concerns of the people are brushed aside for profit & I hope that in this time of crisis for the planet greed for profit won't trump the need for environmental preservation and protection, & that the way of life enjoyed by the residents of Woodside will not be destroyed for the desires of yet another corporation who will reek havoc with their area.

Kind regards
