Dear Sir.

Re. Rex Mining
Hillside Mines.

As property owners at Black Point for over 40 years, we are opposed to the above development in view of the following

1. Site of mine so close to Residential area.
2. Impact upon environment from dust, which will spread over towns & Gulf.
3. Visual with regard to size of burden heaps.
4. Health issues with regard to high concentrations of uranium & other mineral dusts getting onto roofs & ultimately rainwater tanks.

Thank you for considering our objections.

Yours faithfully
Janet & David Underwood.
