**Subject:** KEEP WOODSIDE MINE FREE - Terramin proposal

To whom it may concern,

I'm a resident of Christies Beach and have lived in Adelaide for 30 years. I am writing to you to voice my concerns and opposition to the Terramin proposal in Woodside, Adelaide.

On a business level, I represent a family owned oak wine barrel business and we and like many others, share a close business and personal relationship with many local businesses in Woodside and its surrounds.

On a personal level, I enjoy the Adelaide Hills for its pristine beauty, fresh air and it's many unique family owned businesses which represent the area. This is also because I graduated in Environmental Management and have an appreciation and understanding of the negative impact mining activity DOES have on the surrounding environment.

Mining operations such as the recent Terramin proposal certainly don't fit that criteria. On a financial side (which mining can only be justified for), this proposal has potential for major ramifications for local businesses and Hills reputation as a destination point.

Best regards,

Jason King
