Subject: Woodside mine

To whom it may concern,

I am a local resident of Woodside, and I oppose the proposed gold mine strongly, i believe the negative affects towards the environment, our precious water supply, food bowl and local tourism jobs far outweighs the very slight increase in jobs for the area, terramin have already proven themselves an untrustworthy company who does not have the local areas best interests at heart, so their "word" and "planning" gives very little comfort considering their past projects bungles. I hope you will consider rejecting this proposal as myself and every other local I know will not be voting for or supporting any mp that supports or passes this project.

Kind regards

Elise Tyler.
