Dear Mr Hodges,

Notification Of Approved Mine Operation Plan (MOP)

In reference to your submission dated 24 April 2026, the MOP-05236 (v3) has been approved pursuant to section 73G(11) of the *Mining Act 1971* (the Mining Act).

The approved MOP will be made publicly available on the Mining Register and the Department for Energy and Mining (DEM) [website](#). Details of the approved MOP Review are listed below.

Tenement Holder	Boral Resources (SA) Limited
Tenement Type & Number	Private Mine (PM) 2
MOP Number	MOP-05236
Name of Operation	Salisbury Quarry

You are reminded that you must at all times implement and comply with this approved MOP.

This approval does not constitute endorsement of the systems that you have in place to manage the mining operations in compliance with the Act. Whilst your capability to undertake this activity has been considered in this approval, the responsibility for compliance with the Act always remains with the Tenement Holder.

The legislative requirements outlined below must be actioned prior to commencement of operations authorised by the MOP.

1	Public Liability Insurance Pursuant to Regulation 81 of the Mining Regulations 2020 , you are required to provide a copy of a certificate evidencing the insurance coverage over the tenement(s).
2	Compliance Reporting You are required to submit an annual mining compliance report by 12 November each year, within two calendar months of the reporting period which commences annually on 14 September. Please refer to the DEM website for more information on the reporting requirements.

3	Work, Health and Safety Compliance In accordance with Chapter 10 of the <i>Work Health and Safety Regulations 2012</i> (SA), you must meet the requirements for mine operators in South Australia, which include a notification for mining operations, the establishment of a Safety Management System, the identification of Principal Mining Hazards and development of a Principal Mining Hazard Management Plan. Further information on your responsibilities, including a guide to Chapter 10, and the Mine Operator Notification Form, is available on the SafeWork SA website .
4	Environment Protection Authority (EPA) Authorisation Under the requirements of the <i>Environment Protection Act 1993</i> (SA), you are required to comply with the conditions of EPA licence number 2318 for this operation.
5	Water Affecting Activity Permit Under the requirements of the <i>Landscape South Australia Act 2019</i> , a water affecting activity permit may be required. You are advised to consult with the Green Adelaide Landscape Board to seek further information regarding permitting requirements.

In addition to the requirements under the Mining Act, you are reminded that your operation will have other legislative requirements that you will need to comply with.
