Hi, I live in south Australia.....

I am soooooo against the mining of anything... our planet let alone our state cannot keep having things taken from it... u as a government .. must think carefully, u have a chance to do the right thing to be the hero, instead of going at things as usual like a bull at the gate.....

Do u want to be the one who has to explain to ur grandkids how u helped to destroy their planet ... or can u imagine holding ur head up proudly and telling them how good u feel, u kept ur ground and that's why there is no mining and life grows in abundance ..... Proud because mother nature is breathing and rewarding our lives.....
