Subject: Bird in Hand mine, Woodside

To whomsoever it may concern

I am an Adelaide hills resident who's job is potentially under threat if this mine is given the go ahead. I work in the wine industry and do not see how having a mine in the vicinity will work in conjunction with agricultural land. There is no way of knowing what damage the mine will have on the quality of water, not to mention the disturbance to businesses and community by the 24 hour blast drilling. I strongly oppose this mine and hope that the government hears the communities plea to decline this proposal.

Thank you.
Mashoom Tait.
