

Mark howe,
Mining regulation and rehabilitation branch
DMITRE,
GPO Box 1264, Adelaide 5001

Dear sir.

We plead with you not to change the land use on the Yorke Peninsula or allow any more mining to go ahead. We do not want any more mining at all. If we allow this to happen it will expand despite reassurance that it will not. There is too much at stake. Yorke Peninsula is a prime food growing area. You cannot grow crops in an open cut hole or on top of a mullock heap.. If this mine goes ahead we are fearful of toxic chemicals ending up in the sea via dust and loading spillages. This could kill off fish breeding in the gulf.

Kind regards

Donald Smith
