Mr Mark Howe
Mining Assessments
DMITRE
Mineral Resources Division
GPO Box 1671
ADELAIDE SA 5001

Dear Mr Howe

Mining Lease Proposal for Rex Minerals (SA) Pty Ltd

I refer to your correspondence dated 10 September 2013 inviting Council to submit written comments for the mining lease proposal and management plan as part of the consultation process under the Mining Act 1971.

At a special meeting of Council held 6 November, 2013 the following motion was adopted:

Cr Cook moved Cr Butler seconded

That Council:

1. advise DMITRE that it is not prepared to support the development at this time as it considers that the proposal lacks sufficient information for the Council to be able to make a considered judgement of the application.
2. requests reports from reporting agencies and including any requests for more information or recommended conditions of approval, be provided to Council and the community and both the Council and community, be afforded additional time to consider and respond to those reports before the application is formally considered.
3. prior to the application being formally considered, Rex Minerals be requested to undertake a further round of consultation with the local community, such consultation to involve staff of the various government reporting agencies, to enable the Council and community to be fully briefed on the potential impacts of the development and be confident of its ongoing management.
4. negotiate with Rex Minerals regarding the ongoing funding and management of the social investment programme and the composition of the community consultative committee as discussed above.
