Dear Ashley,

LOW LEVEL OFFICIAL SUPERVISION CLASSIFICATION: PL13 OPERATIONS

Please be advised that pursuant to the delegated powers dated 28 March 2002 and Gazetted 11 April 2002, I hereby classify under Section 74(4) of the *Petroleum Act 2000* the activities associated with the operation of the PL13 pipeline as low level official supervision. This classification has been made on the basis of SEA Gas' pipeline Safety and Operating Plan submitted to and reviewed by PIRSA, and in light of SEA Gas' demonstrated performance and capabilities during the commissioning phase of the pipeline.

Please note that under PIRSA's existing policy, in light of your company's low level official classification for these activities, pursuant to Section 74(5) your licence fees for PL13 will be 50% of the prescribed fee as from the date of the next renewal.

Yours sincerely,

**BARRY GOLDSTEIN
DIRECTOR PETROLEUM
MINERALS AND ENERGY
Delegate to the Minister for Mineral Resources Development**
