1.1*	6/11/2020	Amendment to Site Criteria: Deleted: Connected to the SAPN Distribution Network. Inserted: Connected to a distribution network authorised under the Electricity Act 1996 that forms part of the interconnected national electricity system.

* Current Version

Customer and Site Eligibility

Subsidy applications will only be approved from customers satisfying the following criteria:

Category	Criteria
Customer	Only one subsidy per property.
Site	Only residential properties are eligible.
	Connected to a distribution network authorised under the Electricity Act 1996 that forms part of the interconnected national electricity system.
Concession status	Energy concession recipients are eligible for a higher subsidy amount per kwh of battery capacity installed.
Battery System	Only approved eligible equipment to be installed by a qualified system provider.
Ownership	The applicant must be the owner of the property or have consent from the owner to install a battery system.
