**Subject:** Mine in Woodside

To whom it may concern,

This is a short simple email, because it is a short simple fact.

There should be no mine in Woodside, or anywhere in the beautiful Adelaide hills!

Not only does is this an incredibly beautiful area that draws tourists, but it is a natural escape where people congregate to enjoy what is good in life.

Dirtying it up, polluting the air and serenity, destroying all that is right about our amazing area and world renowned wine region, how ridiculous.

Please see sense and block this proposal.

Wishing you warm regards and clarity of thought,

Kate Ramsay
