Mr Nathan Zeman
Chief Executive Principal Mining Assessment Officer
DMITRE Mining Regulation & Rehabilitation Branch
GPO Box 264
Adelaide SA 5001

Dear Nathan

We are writing to express our disapproval of Réx Mineral being granted a mining lease for the Hillside Copper Mine.

We are concerned that many factors have not been thoroughly investigated including issues of dust, noise, hydrology, viability of surrounding farmland and the possible pollution of gulf waters to name a few.

The proposed rehabilitation of the mine site is not adequate. Yorke Peninsula is traditionally excellent farming land with beautiful coastlines to be enjoyed by locals, retirees and tourists and should not be permanently scarred by a mine of this nature.

Yours faithfully

Neil and Jenny Brown
