

MR. ANDREW QUERZOLI.

MAUREEN PADDICK

[REDACTED] PINE POINT, 5571.

[REDACTED]

3<sup>rd</sup> OCTOBER 2013.

DEAR HONOURABLE AUSTRALIAN CITIZENS TO WHOM I HAVE SENT MY FIRST SUBMISSION TO  
BRINGING YOUR ATTENTION TO MY VERY SERIOUS CONCERNS I HAVE FOR YORKE PENINSULA  
SOUTH AUSTRALIA.

PLEASE FIND ATTACHED MY FURTHER SUBMISSION ( PART TWO ).

I WOULD BE VERY GRATEFUL IF YOU WOULD ATTACH IT TO THE BACK OF MY ORIGINAL  
SUBMISSION dated 14<sup>th</sup> SEPTEMBER 2013.

THANKYOU MOST SINCERELY,

[REDACTED]  
Maureen A. Paddick.

Mr. Andrew Querzoli  
Program Leader – Mining Assessment  
Government of South Australia  
Department for Manufacturing, Innovation, Trade,  
Resources and Energy  
GPO Box 1264  
ADELAIDE SA 5001

Dear Mr. Querzoli,

Ref: My Submission of 14th September and Your Reply of 24<sup>th</sup> September  
Application submitted by Rex Minerals for approval of the following:

- a) A Minerals Lease (ML) over MC4346
- b) An Extractive Minerals Lease (EML) over MC4354
- c) Two Miscellaneous Purpose Licence Applications

I thank you for accepting my Submission and the information contained therein and your advice that your Department will value information from the public on the mining lease proposals.

In regards to your statement regarding my non request for confidentiality. I did not request this as my Submission is based honest, factual experiences and knowledge I have gained during my lifetime. I have no option but to expose this to you now; that I am a person who is in favour of development but not at the expense of causing UNREPAIRABLE DESTRUCTION of our FARMING LAND/MARINE LIFE/TOURISM/FISHING INDUSTRY and the LIVES of the BEAUTIFUL PEOPLE and the FAMILIES here at YORKE PENINSULA. Please find enclosed my personal and business life history!

A lot has happened since my Submission was sent to you and I would be pleased if you would attach the second and final part of my Submission to my original one you have in hand.

Yours Sincerely, and Thankyou,

[REDACTED]

Maureen Paddick.

E. & O.E.

Encl.

**SUBMISSION - PART TWO (2  
PROPOSED MINING LEASES – HILLSIDE, PINE POINT**

**1) VERY RARE AND ENDANGERED MARINE SPECIES:-**

**“PYJAMA SQUID at PINE POINT and EDITHBURG”**

Please find enclosed a copy of a photograph of this very unusual very rare creature which when fully grown is the size of a golf ball, and as far as I am aware of, it is the only place in the world that they are found. The 17 (seventeen) crew that came from France to make the documentary must have valued its existence to come all this way.

I have a friend here who use to dive at Pine Point and he can assure you that they are here and he has seen small groups of four or five feeding on the ocean floor amongst the razor fish, sponges and tape/ribbon weed.

**IF the Mining Leases are approved (CAN YOU GUARANTEE THAT THESE LITTLE MARINE CREATURES WILL NOT BECOME EXTINCT BECAUSE OF THE MINING PRACTICES)**

**“There are LEAFY sea DRAGONS and MANY OTHER MARINE SPECIES at RISK.”**

**“BLUE RING OCTOPUS”** These tiny little octopus live in the shallows and are extremely spectacular when they change colour when they are threatened!!!

**2) DEATHS OF TWO FARMERS THE EXPLORATION COMPANY IN QUESTION WERE/HAD NEGOTIATED WITH to SELL THEIR FAMILY FARMS:**

**One Farmer who sold to them was BURIED SOME MONTHS AGO!!!!  
The second Farmer DIED VERY RECENTLY!!!!**

I would like you to consider that these Gentlemen were HIGHLY REGARDED, EXTREMELY HARD WORKING, HONEST GENERATION FARMERS who helped the Community in so many ways who were put under EXTREME PRESSURE to sell THEIR Farms!!!

No Doubt, their cause of DEATH was possibly for another medical problem but COULD THE WORRY and ENORMOUS STRESS OF SELLING THEIR FAMILY Farms HASTENED THEIR DEATHS!!!!!!

**HOW MANY MORE PEOPLE HAVE TO DIE BEFORE SOMEONE STANDS UP AND STOPS THIS ????????????**

**3) FARMING COMMUNITY: I attended a very well run constructive MEETING OF CONCERNED AFFECTED PEOPLE in Ardrossan Wednesday night 25<sup>th</sup> September.**

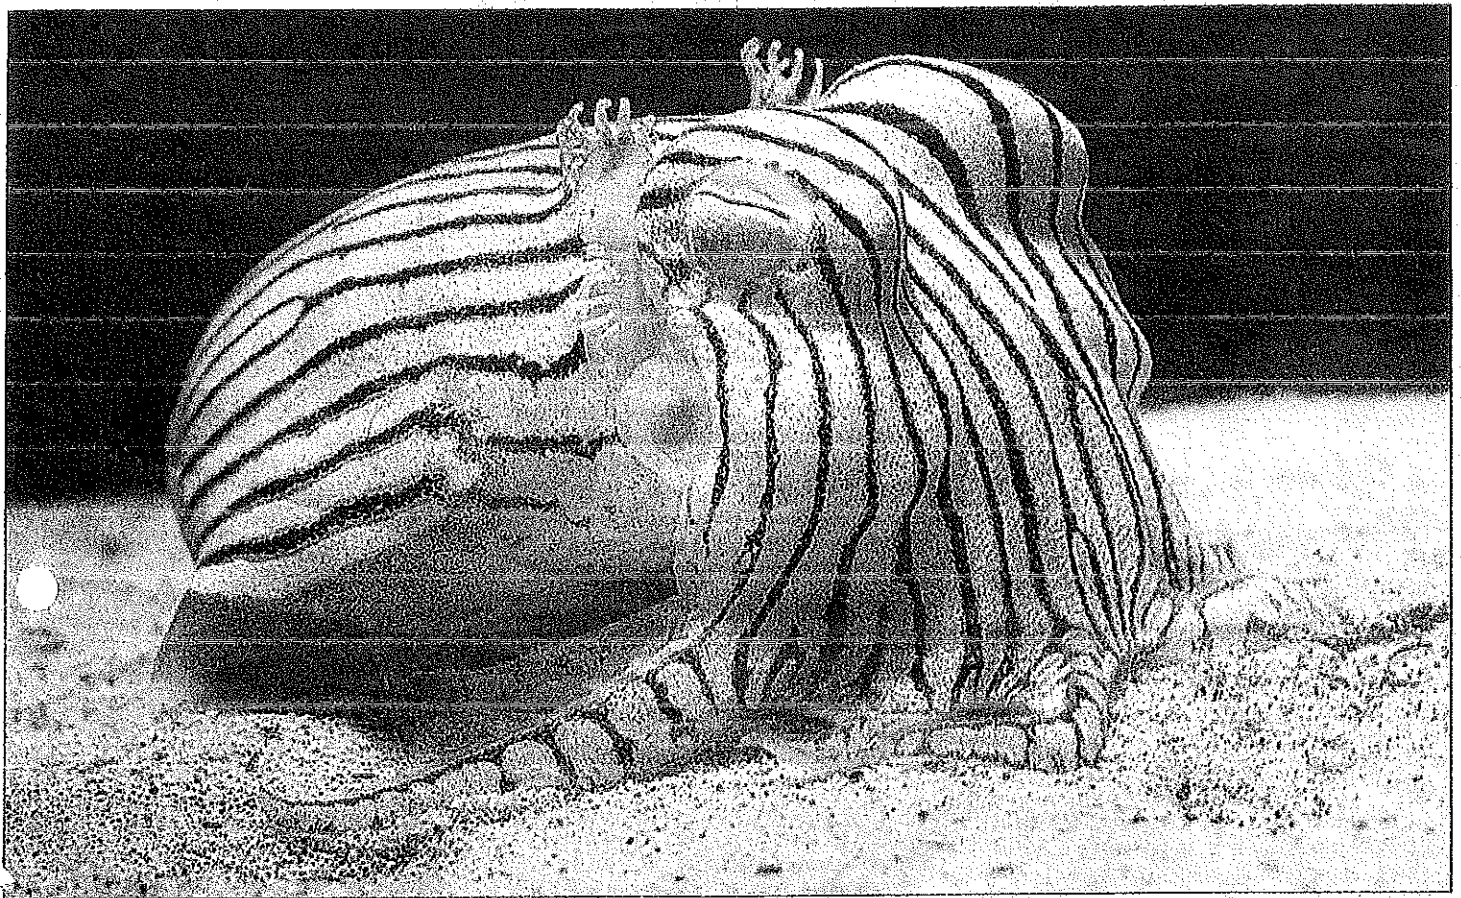

I was TRULY SHOCKED at the DISTRAUGHT, FRUSTRATED, STRESSED OUT LAND OWNERS THAT CLAIMED THAT THEY WERE RECEIVING NO SATISFACTORY HONEST ANSWERS OR REPLIES to the many QUESTIONS and CONCERNS they receive when they approach the Exploratory Company.

**THESE GROWN MATURE MEN had TEARS IN THEIR EYES, and were THROWING THEIR ARMS IN THE AIR IN DISBELIEF at NOT BEING TOLD THE TRUTH!!!!!!**

Apparently the answers received were negative, completely inadequate, minimal risk, slight risk, etc. and they only want to know what is happening (TRUTHFULLY) so that they CAN PLAN AHEAD!!!!!!!

**THIS SHOULD NOT BE HAPPENING IN A DEMOCRATIC COUNTRY!!!!!!!!!!!!!!**

# PYJAMA SQUID

■ **CAPTURED FOR THE WORLD:** The striped pyjama squid, found on seabeds off Edithburgh.

PHOTO: Dr Mark Norman

A squid, no bigger than a golf ball, prompted last week's visit to Edithburgh by French film company, Galatee Films.

The tiny striped pyjama squid is one of the subjects of "Oceans", a feature that will be three years in the making. Due for release in early 2009, it is the work of famous French director/producer Jacques Perrin, and co-director Jacques Cluzaud, who was at the helm of the 17-member crew which set up at the Edithburgh jetty last Tuesday.

Having filmed much larger sea creatures around the world, including humpback whales, white pointers and whale sharks, they came to South Australia from South Africa where they captured the annual sardine run.

What brought them to our shores was a meeting with Dr Mark Norman, Museum Victoria's senior curator and leading expert on squid and cuttlefish, in the Paris Museum of Natural History.

Once Jacques Cluzaud had seen Mark's images of the pyjama squid at Edithburgh and the amazing mating rituals of cuttlefish at Whyalla, he knew they had to be part of the film.

At Edithburgh, the crew filmed at night, often until the wee small hours of the morning (when the squid comes out to feed). I caught up with Jacques on Saturday evening as he directed operations from a van on the left. In

## JOURNALIST: Jenny Oldland

the water, huge lights turned night into day as divers scoured the sea floor for their subjects.

It was not only the squid but also its habitat that made the filming at Edithburgh so attractive. The colour of the sponges and the razor fish set in the seabed like tombstones give the appearance of an old graveyard, tying in with a shipwreck that will also feature in the film.

■ **Continued Page 7**

■ Dr Mark Norman, Melbourne, one of the world's foremost experts on the cephalopod, octopus and cuttlefish, says the tiny pyjama squid would be his favourite.

PHOTO: Yves Gladu, Galatee Films.

■ Studying the monitor while filming at Edithburgh last Saturday night, "Oceans" director Jacques Cluzaud (centre), with Phillippe Ros (Director of Photography) and Paul Johnston (Lighting Director).

PHOTO: Yves Gladu, Galatee Films.

- 4) URANIUM: I am informed that the MINIMUM SAFE LEVEL of Uranium in the TAILING PONDS which is to be RETURNED TO THE OCEAN is 200 parts and below.

The LOWEST that can be obtained ( after mixing it with other soil trying to reduce the POISONOUS LEVEL) Is 280 parts.

WHERE DOES THAT LEAVE US ??????????

- 5) TOXIC CONTAMINATED WATER RETURNING TO OUR OCEAN:

I believe that	1 x 44 gallon drum of WATER will be returned	-	EVERY SECOND
=	158,400 gallons	-	" HOUR
=	3 million 801,600 gallons	-	" 24 HOURS
=	26 million 611,200 gallons	-	" SEVEN DAYS

THIS WOULD BE A TRAGEDY WAITING TO HAPPEN FOR ALL !!!!

Can you imagine the IRREPLACABLE DAMAGE to our ENVIRONMENT, MARINE GULF WATERS, THE FISHING INDUSTRY, TOURISM, FUTURE DEVELOPMENT, HUMAN HEALTH, THE FARMING EXPORT INDUSTRY, OUR FOOD FOR THE SOUTH AUSTRALIAN PEOPLE etc.????????

- 6) SECRECY AGREEMENTS: I have been informed that BEFORE handing over "BRIBE SWEETNER CHEQUES" to local bodies, the Receivers of these monies have had to SIGN DOCUMENTS to the effect that they cannot divulge the intentions of the Exploratory Company TO OTHER PARTIES !!!!!!!

I ask YOU IS THIS AGAINST THE LAW of our COUNTRY ????

I also ask YOU HAS THE YORKE PENINSULA COUNCIL and others ALSO RECEIVED MONIES In this MANNER ???????

- 7) MINING CAN ONLY HAPPEN MORE THAN ONE KILOMETER from the SEA FRONT:

Is this true, and if it is HOW CAN THEY EVEN BE CONSIDERED for MINING LEASES 850 METRES from our OCEAN ????????

- 8) FISHERIES DEPARTMENT: Due to over-fishing the Fisheries Dept. made it known through advertisements In papers, television commercials etc. of their intentions to act to restrict and close some areas to protect all concerned with this industry. The public responded and voiced their ANGER.!!!

The FISHERIES DEPT, STOOD UP and GAVE HONEST ANSWERS, called REGULAR PUBLIC MEETINGS between their STAFF and concerned PEOPLE in locations ALL OVER SOUTH AUSTRALIA and eventually ALL PARTIES Resolved their situation.

THIS TOOK APPROXIMATELY 12 MONTHS!!!!!!!

- 9) PLEASE CONSIDER A REASONABLE EXTENSION OF TIME (twelve months if necessary) TO RESOLVE THIS HOSTILE SITUATION!!!!!!

"THE COPPER IN THE GROUND WON'T DIE OR WALK AWAY"

- (10) RE-ZONING OF FARMERS PRIMARY PRODUCTION/AGRICULTURAL LAND:

WHY has Rex Minerals REQUESTED A LEASE over so many THOUSANDS OF HECTARES when we are told the ACTUAL Mine Site and Tailing Ponds ARE SO MUCH LESS????????? WHERE DOES THE TRUTH LIE ???

IF the LAND is re-zoned from Farming/Primary Production to MINERAL EXTRACTION:

- a) Will the Landowners/Farmers Annual Council Rates INCREASE or DECREASE ?????
- b) It normally takes THREE YEARS APPROX. for South Ausralian citizens to receive Rezoning approval ( I have experienced this) so I ASK YOU, HOW CAN THEY PROPOSE TO START MINING IN 2014/2015 when THEIR APPLICATION for re-zoning has only JUST BEEN LODGED ??????

IF the land is re-zoned to MINING and the FARMERS WANT THEIR LAND BACK after Mining has been completed, DO THEY then HAVE it RE-ZONED back to FARMING/PRIMARY PRODUCTION ???

WHO will have TO PAY FOR THIS ?????

HOW WILL the Properties be VALUED i.e. MINING or FARMING/PRIMARY/AGRICULTURE ??????

IF the land is COMPULSORY RE-ZONED and the FARMER DOES NOT SELL, WHO PAYS THE RATES IF there is a BIG INCREASE - THE FARMER OR THE MINING COMPANY?????

IF the land is re-zoned to Mining, THE MINE HAS BEEN FORCED TO SHUT DOWN due to:

NOT an economical proposition because of WORLD LOW PRICES of minerals!

CANNOT KEEP THE MINE from FLOODING due to WATER SEEPAGE as happened to THREE OTHER MINES ON YORKE PENISULA!

EARTHQUAKE ACTIVITY caused by natural historical EARTH PLATES SHIFTING or the possibility of the CONTINUED T.N.T. EXPLOSIONS required to extract these minerals from SUCH A LONG WAY DOWN towards the CENTRE OF THE EARTH ?????

IF the Mining Company CLOSES DOWN for WHAT-EVER REASON I ask YOU :

WHO IS GOING TO BUY THE LAND?????

THE GOVERNMENT, THE YORKE PENINSULA COUNCIL or the FARMERS THAT HAVE BEEN FORCED TO MOVE ON?????????

THE LAND - could NOT TO SOLD as Farmland and could be COMPLETELY WORTHLESS!!!!

WHAT DO YOU PROPOSE TO DO WITH IT?????????

(11)FORCED SALE OF LAND: IF THE GOVERNMENT STEPS IN and FORCES LAND OWNERS TO SELL THEIR PROPERTIES:

- a) Will it be valued at Farmland Value ?????
- b) Will it be valued at Mining Extraction Value?????
- c) Are they going to be compensated for having to sell their properties ?????
- d) Are they going to be compensated for Loss of Production for now and the future?????
- e) Are they going to be compensated for Loss of Income for themselves and their families?????
- f) Are they going to be compensated for RE-LOCATION COSTS to ANOTHER STATE/COUNTRY?????

WHERE CAN THE FARMERS FIND A SIMILAR CLIMATE i.e. Limestone country, Alkaline Soil, Rain that falls at the correct time to plant their crops, little or no rain during harvest and Shipping Ports so close to their properties?????

**IF MINING LEASES should be granted consideration should be given to erecting an EIGHT FOOT High FENCE AROUND THE TOTAL RE-ZONED LAND thus PREVENTING ANIMALS and HUMAN INTERVENTION in the EXPLOSIVE AREA and TOXIC TAILING PONDS areas and PREVENTION OF INHALING TOXIC DUST!!!!**

**12) YORKE PENINSULA ROADS THAT TRANSPORT GRAIN:**

Grain trucks transporting their produce to our two SHIPPING PORTS and SILOS AT ARDROSSAN must place tremendous costs to the transport authorities to continually repair these roads for the safety of everyone. On very hot days, the bitumen gets EXTREMELY HOT AND MELTS and with the VERY HEAVY TRUCKS and TRAILERS running over them PUTS HUGE HOLES IN THE ROADS and HIGHWAYS!!!! This is completely UNSAFE at times as TRAFFIC HAS to SOMETIMES DODGE ACROSS to the other side of the road TO AVOID THESE BIG HOLES (ONE BIG HOLE last summer was VERY DEEP and HALF WAY ACROSS THE ROAD).

**WHO WILL BE RESPONSIBLE FOR THE REPAIR AND MAINTENANCE IF THE MINING LEASES ARE GRANTED?????**

**WHO WILL PAY FOR THIS????? THE MINING COMPANY ????? or OUR GOVERNMENT ?????**

**13) CHINESE POPULATION along with OTHER WORLD COUNTRIES are growing at alarming rates and they have realised that they will not have enough FOOD to FEED THEIR PEOPLE.**

Newspaper reports that these COUNTRIES HAVE PURCHASED or ARE IN THE PROCESS of PURCHASING LARGE PROPERTIES ALONG OUR RIVER SYSTEMS so that THEY CAN GROW CROPS in our Country to FEED THEIR PEOPLE.

**“ WHY ON EARTH ARE YOU EVEN CONSIDERING ISSUING MINING LICENCES TO DESTROY ONE OF THE RICHEST FOOD PRODUCING AREAS IN AUSTRALIA; WHICH FEEDS OUR OWN AUSTRALIAN PEOPLE WITH THE SURPLUS BEING EXPORTED TO OVERSEAS COUNTRIES” ??????**

**14) YORKE PENINSULA COUNCIL: WHY HAVE THEY NOT INFORMED the RATEPAYERS of the EXTENT and THE INTENTIONS of REX MINERALS proposed ACTIVITIES that they HAVE KNOWN OF FOR QUITE SOME TIME?????**

**and FURTHERMORE (as mentioned at the Meeting last Wednesday night) WHY HAVE THEY NOT ACTED for THE RATE- PAYERS WHO ELECTED THEM IN GOOD FAITH?????**

**15) HUMANITARIAN WORLD HEALTH COUNCIL:**

**Example only: If the Boat People on Christmas Island were productive, happy, healthy people living in peace and exporting food to overseas markets and the Australian Government issued Mining Leases which INVOLVED EXPLODING TWO to TEN TON of TNT EVERY SECOND DAY ADJACENT TO THEIR HOUSES; bringing SO MUCH DESTRUCTION to the PEOPLE i.e. food production, environment, marine life, tourism, health and development**

**IT WOULD and SHOULD BE REPORTED to the HUMANITARIAN WORLD HEALTH COUNCIL with a request to STEP IN and STOP IT !!!!**

**WHY ARE WE SO DIFFERENT BECAUSE WE LIVE HERE ????????**

**I find it VERY DIFFICULT that any AUSTRALIAN CITIZEN would even consider giving approval for mining on any part of Yorke Peninsula due to the ramifications that will eventuate!!!!**

16)

**SHIPS/WEAPONS/AMMUNITION:** Minerals in past years have been mined in AUSTRALIA and during my lifetime HAVE BEEN SOLD TO OVERSEAS COUNTRIEES.

I have been informed by my parents and others that some of these Minerals were used to BUILD SHIPS, MAKE WEAPONS and AMMUNITION and were then USED AND KILLED OUR AUSTRALIAN SOLDIERS !!!!!

CAN YOU GUARANTEE THIS WILL NOT HAPPEN AGAIN?????

17) **VULCANIC ROCKS:** I Personally extend an Invitation to You and your Officers to my home, if you wish to INSPECT the countless TONS OF VOLCANIC MELTED ROCK lining the shores here at PINE POINT.

They are very FRIGHTENING when one realises VOLCANIC ERUPTIONS HAD TO HAVE BEEN IN EXISTANCE IN A BIG WAY to LEAVE THEM EXPOSED ON THE SURFACE.

DO YOU HAVE AN EXPERIENCED SCIENTIFIC GEOLOGIST who can investigate, make an HONEST ASSESSMENT and GUARANTEE that the PROPOSED MINING EXPLOSION SO FAR UNDERGROUND will not DAMAGE the EARTH'S PLATES and possibly cause an EARTHQUAKE / TSUNAMI?????

IT WOULD ALSO BE AN EXCELLENT TIME TO SEE THE FARMERS GRAIN CROPS THAT ARE ABOUT TO BE HARVESTED!

18) **HARD COPY of**

Rex Minerals (SA) Pty Ltd  
Hillside Project – Mining Lease Proposal and Management Plan  
T02943 and T02955

IF YOU ARE GOING TO CONSIDER THESE MINING LEASES, I would be very grateful to receive a Copy at your earliest convenience .

I have enclosed for your information, a list of persons I sent my original Submission too; and now I have sent them a copy of this to complete my ATTEMPT TO SUPPORT THE PEOPLE OF YORKE PENINSULA in their fight to STOP APPROVAL OF THE PROPOSED MINING!!!!!!

I HAVE FINALLY REACHED A POINT WHERE I HAVE NO MORE TO ADD AND TRUST THAT THE INFORMATION I HAVE SUPPLIED WILL HELP YOU GIVE AN EXTENSION OF TIME TO GIVE THEM SUFFICIENT TIME TO PUT SUBMISSIONS BEFORE YOU TO CONSIDER.

Thanking You Sincerely,

Maureen Paddick (Proudly South Australian)

Encl.

**LIST OF PEOPLE I HAVE SENT MY HILLSIDE MINING SUBMISSION dated 14-9-13.**

**I HAVE SENT A SECOND SUBMISSION REQUESTING THEM TO ATTACH IT TO THE ABOVE ORIGINAL SUBMISSION ON 3<sup>rd</sup> October 2013.**

**MR. TONY ABBOTT, PRIME MINISTER OF AUSTRALIA  
HIS EXCELLENCY, THE GOVERNOR OF SOUTH AUSTRALIA  
MR. ANDREW QUERZOLI, PROGRAM LEADER, MINING ASSESSMENT, DMITRE
