Subject: Submission re Alliance Eyre

Categories: Celine

Regarding our submission regarding Alliance Eyre Wilcherry Mining application on behalf of Uno Pty Ltd (the Landholder)

There are some fundamental Legal , Moral and Ethical issues to address

1. Should outstanding invoices owed to the Landholder be required to be settled prior to the sale of the Mining Lease , should these outstanding amounts be transferred with the lease .
2. Should the Mining entity be required to Rehabilitate the Pastoral infrastructure to a condition prior to Mining activities .
3. Should the Landholder be liable for any costs involved with the Mining activity

Regards

Angus McTaggart
