MR MARK HOWE,
MINING, REGULATION AND REHABILITATION BRANCH,
DMITRE

DEAR SIR,

WITH MY WIFE & SON I OWN 1750 ACRES OF LAND 10KMS SOUTH WEST OF REX MINING'S HILLSIDE PROPOSED MINE.

BY AERIAL SURVEY OUR FARM FEATURES VERY HIGHLY AS A POTENTIAL MINING SITE, REX HAVE DRILLED TEST HOLES ON THE ROADSIDES SURROUNDING OUR FARM & HAVE OBVIOUSLY FOUND SOMETHING AS THEY HAVE WANTED TO DRILL ON OUR LAND. THEY ISSUED US WITH A RIGHT OF ENTRY. WE WENT TO THE WARRENS COURT AND AT THE LAST MINUTE THEY RECALLED THEY HAD NO RIGHT OF ENTRY AS IT IS CULTIVATED LAND.

MY WIFE & I & SON SCAMPED & SAVED ALL OUR WORKING LIVES AS FARMERS TO PURCHASE THIS PROPERTY, WHICH IRONICALLY IS CALLED EL DORADO, IT IS IN AN 18" RAINFALL AREA & PRODUCES SOME OF THE BEST CROPS ON YORKE PENINSULA,

IF REX ARE GIVEN THE RIGHT TO COMMENCE MINING AT HILLSIDE THEIR WILL BE A PRECEDENT SET, AND THEY WILL WANT TO MINE IN OTHER AREAS OF THEIR TENAMENT WHICH WILL BE A DISASTER FOR FARMING & THE GENERAL COMMUNITY, WITH ROAD CLOSURES, VAST OPEN PITS, & DEDICATED ROADS FOR REX'S USE ONLY,

FROM A FINANCIAL POINT OF VIEW OUR FARM PRODUCES SOME \$750,000 OF PRODUCE A YEAR, WHICH WITHOUT INFLATION WOULD BE IN 100 YEARS \$75,000,000 & WILL KEEP ON PRODUCING TILL MANKIND CEASES TO EXIST,

REX WOULD GET A SHORT TERM WINDFALL & THEN THE LAND RUINED FOR EVER JUST AS WHAT WILL HAPPEN AT HILLSIDE
