☐ Loss of prime agricultural transport of the loss of tourist dollars ☐ Detrimental impact on tourism and associated loss of tourist dollars ☐ Imappropriateness of locating a mine of this size in a populated rural area, within close proximity to
towns and holiday settlements
towns and holiday settlements Detrimental effect on people, crops and stock from exposure to hazardous dust Groundwater contamination and lowering of the water table
Ed Coundwater contamination and to warms
Water tanks and sleep deprivation Noise pollution
Noise pollution
✓ Visual pollution ✓ Vibrations from blasting a least once every two days ✓ Vibrations from blasting a least once every two days ✓ Vibrations from blasting a least once every two days
environment Expression to the second community will be left with huge clean-up bill if the mine closes prematurely to the second constal residences
Devaluation of surrounding properties including agricultural texts and Devaluation of Surrounding properties including agricultural texts and Devaluation at Pine Point of Creation of hazardous road junction at proposed Minlaton diversion at Pine Point of Creation of hazardous road junction at proposed Minlaton diversion at Pine Point of Devaluation of Surrounding properties including agricultural texts.
Creation of hazardous road junction at proposed with the life of the mine Increased heavy vehicle traffic and road damage for the life of the mine Consultation and transparency
tel ack of effective community consumation
Finance to social intrastructure
☐ Detrimental impact on flora and fauna
Comments:
1. for anything considers
I therefore petition DMITRE to disallow this proposal and I look forward to a favourable considera
of this submission.
VA Y0507 T.

Yours faithfully,
