

Changes to OTR audit notifications

Plumbing Advisory Note – July 2019

On the 31st July 2019, the Office of the Technical Regulator (OTR) will no longer provide details of plumbing bookings via SMS notifications.

The 'MyPlumbbookings' tab in eCoC will now replace all SMS notifications of onsite plumbing audits.

Notification on MyPlumbbooking	After 6:00 pm on the day prior to the audit	1 hour before nominated inspection time

If you are unable to access 'Myplumbbooking' via the eCoC portal, the industry agreement still applies:

If the OTR have not attended the site at the nominated time, the plumber can backfill or cover up the installation 20 minutes after the nominated time has elapsed.

This concludes the associated industry consultation relating to the OTR audit notification process.
