To whom it may concern,

We are Best Wine Tours an Adelaide CBD based wine tour company that's been operating for nearly two years.

- Luxury BMW 5 series sedan, 5 seater.
- Over 35 years experience in liquor, hospitality and travel industries.
- Private, Intimate, Engaging and able to plan our guests day or we offer totally flexibility going to where the guests wish to visit.
- Best Wine Tours is a family owned and operated business.
- We live in the Adelaide Hills.
- We work closely with Mt Lofty House, and other major International Hotels, so our guest are assured of quality service and punctuality.
- Best Wine Tours are experts in all Adelaide wine regions.

We depend on the local environment for our living.

The Adelaide Hills attracts over 1.4 million visitors annually thanks to its pristine landscape and world class wineries. If damage is done to the water supply around this area it will seriously effect these local wineries and have a resulting effect to our tourism business. We understand there are 744 tourism-based businesses in the area (South Australian Tourism Commission).

The recent proposal from mining company Terramin is of great interest and concern to us. We are very concerned that the proposed underground basting noted to happen twice a day, every day could greatly effect the precious aquifer system in the proposed area of the beautiful Adelaide Hills.

Also the huge daily increase in heavy vehicle traffic along our fragile country roads will have devastating effects to the already congested area around Nairne and Woodside.

We ask you sincerely to think about the risks associated with this proposal. <u>This mine cannot be allowed to open.</u>

Sincerely

John Angel

Mary Tierney
