Subject: Bird in Hand Mine

Having lived in the Adelaide Hills for nearly 50 years I would like to add my views on the affect the Bird in Hand Mine would have on this amazing tourism area.

I have always been so proud that we live in an area that we can show our guests around with the wineries, gardens and rolling hills such a feature.

I cannot believe that our State government want to change this area into a Hunter Valley. Where is the logic of allowing a mine which will do little for the State economy but change forever the hills landscape.
