

TO WHOM IT MAY CONCERN.

IN OUR EXPERIENCE WITH TERRAMIN THEY ARE NOT INTERESTED IN THE ENVIRONMENT OR THE PEOPLE AROUND THEM.

WE LIVE IN THE VICINITY OF THE MINE THAT WAS AT STRATHALBYN, AND WERE TOLD THERE WOULD BE NO DUST, SMELL, OR NOISE ALL OF THESE THINGS OCCURED, AND WERE SO BAD AT TIMES WE THOUGHT WE WOULD HAVE TO MOVE OUT

WHAT ARE THEY GOING TO DO WITH THE WATER THEY WILL PUMP OUT OF THE MINE. IF THEY ARE GOING TO BLAST UNDERGROUND WHAT WILL THAT DO TO THE DAMS IN THE AREA THAT PEOPLE RELY ON FOR THEIR STOCK ETC, AND UNDERGROUND WATER.

THERE IS A LOT OF DUST ON WINDY DAYS HERE EVEN NOW BECAUSE IT IS STILL BARE GROUND AROUND THEIR SHEDS ETC.

THEY SAY THAT THEY HAVE PLANTED SO MANY TREES, THE TREES THEY PLANTED HERE DO NOT KEEP THE NOISE DOWN AND ARE SO OVERGROWN WITH WEEDS IT IS A POTENTIAL FIRE HAZARD.

NUMEROUS TIMES WE RANG ALL HOURS OF THE DAY AND NIGHT TO COMPLAIN ABOUT THE SMELL, AND I CAN ONLY IMAGINE IN THE AREA THIS MINE WILL BE WHAT IT WILL BE LIKE FOR THE PEOPLE LIVING SO CLOSE.

I AGREE THAT THE MINE SHOULD NOT GO AHEAD BECAUSE OF THE POTENTIAL POLLUTION RISK TO THE AREA, AND ALSO TO THE RISK OF THE PEOPLE WITH ASTHMA, WHICH WILL INCREASE THE NOISE OF THE CONVEYER BELTS ETC IS AN ONGOING THING, THE NOISE OF THE TRUCKS RUMBLING AROUND IS AN ONGOING THING, AND ALSO THE SMELL IS SOMETHING THAT SEEMS TO BE 24/7.

I SUPPORT THE PEOPLE OF WOODSIDE WHO DO NOT WANT THIS MINE, BUT ALSO THERE ARE PEOPLE IN THIS VICINITY THAT ARE TOTALLY AGAINST THE PROCESSING THAT WILL GO ON HERE AT STRATHALBYN.
