<b>Submission details</b>	
Issue	Destruction of valuable agricultural land
Reference and page number (if known)	
Comment	This area is a beautiful agricultural area known for its food and wine. Mining will destroy local food and wine businesses for the benefit of one private business at the expense of the environment and local economy.
Additional comments	I do not support mining in this area. The government should be concern2d with protecting the adelaide hills as an agricultural area with valuable environment.
