Dear Sir/Madam

As a long-term partner of Bird in Hand winery in the Adelaide Hills region, the Adelaide Football Club supports their position on the proposed mining project in Woodside.

Bird in Hand are a great supporter of their local community and since 2015, have worked in partnership with the Adelaide Football Club to support us both on the national stage but more importantly, locally. We have also had the pleasure of holding many of our functions and events at their winery in Woodside. Bird in Hand Winery provide a luxury destination in the Adelaide Hills through large scale concerts and tourism opportunities which add to the fabric of our food and wine culture in South Australia.

The Adelaide Hills attracts 1.4 million visitors every year thanks to its pristine landscape and world class wineries. Any risk to this important part of our State should be considered carefully. We support the position of Bird in Hand Winery in their endeavour to stop this project.

Yours sincerely

Andrew Fagan
