Dear Ms Strange

Notification of Approved Program for Environment Protection and Rehabilitation (Program) Review

In reference to your submission dated 30 June 2026, the Program Review has been approved pursuant to section 70C(5) of the [Mining Act 1971](#) (the Mining Act).

The approved Program Review will be made publicly available on the Mining Register and the Department for Energy and Mining (DEM) [website](#). Details of the approved Program Review are listed below.

Tenement Holder	Jessica Strange
Tenement Type & Number	Extractive Mineral Lease (EML) 6176
Program Number	MPEPR2024/007
Name of Operation	Carey Basalt Quarry

You are reminded that you must always implement and comply with the approved Program Review.

This approval does not constitute endorsement of the systems that you have in place to manage the mining operations in compliance with the Mining Act. Whilst your capability to undertake this activity has been considered in this approval, the responsibility for compliance with the Mining Act always remains with the tenement holder.

The legislative requirements outlined below must be actioned prior to commencement of operations authorised by the Program Review.

1.	Program Conditions In accordance with section 70C(7a) of the <i>Mining Act</i> , the approved Program is subject to the conditions listed in the attached Notice (see Attachment 1).
2.	Public Liability Insurance Pursuant to Regulation 81 of the Mining Regulations 2020 , you are required to provide a copy of a certificate evidencing the insurance coverage over the tenement(s).

3.	Commencement of Operations Notify DEM prior to commencement of mining operations on EML 6176.
4.	Compliance Reporting You are required to submit an annual compliance report. The compliance report must be submitted within 2 calendar months of the recurring anniversary of the reporting period (before 28 March annually). Please refer to the DEM website for more information on the reporting requirements.
5.	Work, Health and Safety Compliance In accordance with Chapter 10 of the <i>Work Health and Safety Regulations 2012</i> (SA), you must meet the requirements for mine operators in South Australia, which include a notification for mining operations, the establishment of a Safety Management System, the identification of Principal Mining Hazards and development of a Principal Mining Hazard Management Plan. Further information on your responsibilities, including a guide to Chapter 10, and the Mine Operator Notification Form, is available on the SafeWork SA website .

In addition to the requirements under the Mining Act, you are reminded that your operation will have other legislative requirements that you will need to comply with.

If you have any further queries, please contact DEM staff as below:
